Internship

Full Stack Web Developer Intern

Jun 2024 - Aug 2024

Sahajanand Laser Tech Limited

- **Worked on website improvements** using WordPress and PHP, fixing bugs and enhancing functionality.
- **Implemented form validations and email functionality** to ensure smooth user interactions and lead generation.
- **Integrated YouTube video popups on product pages** – Added functionality to display product-related videos in a popup format, improving user engagement without redirecting them away from the page.
- **Identified and resolved UI/UX issues like font alignment, image placement, and broken links** – Conducted a thorough review of the website's design and layout, fixing inconsistencies in fonts, correcting misaligned images, and updating or removing broken links to enhance the overall user experience and **SEO performance**.
- **Collaborated with the marketing team to align website updates with business needs** – Worked closely with marketing professionals to implement changes based on customer insights and business goals.

Projects

Skill-Based Task Assignment System | MERN Stack, Responsive Web Design | GitHub

Nov 2024 - Dec 2024

- **Intelligent Task Allocation** – Automatically assigns tasks based on users' skills, experience, and availability, ensuring efficient workload distribution.
- **Real-Time Task Tracking & Notifications** – Users can update task progress, and the system sends email alerts to employees for new assignments and deadlines.
- **User-Friendly Dashboard** – Provides a centralized view of assigned tasks, deadlines, and progress, making task management easier for both employees and managers.

Cool Information - College Review Website | React.js, JavaScript | GitHub

Dec 2023 - Mar 2024

- **Promotional Website for YouTube Channel** – Developed a website to showcase *Cool Information*, providing insights into Lovely Professional University (LPU).
- **Built with React** – Designed a dynamic and interactive platform for prospective students to explore LPU's programs, admissions, and reviews.
- **Engaging User Experience** – Implemented a visually appealing UI with smooth navigation for an intuitive browsing experience.
